Mathematicians

Pupils have a secure number sense and the fluency, reasoning and problem solving skills required to succeed in the next stage of their educational journey.

Pupils have the confidence to engage with and tackle mathematical problems.

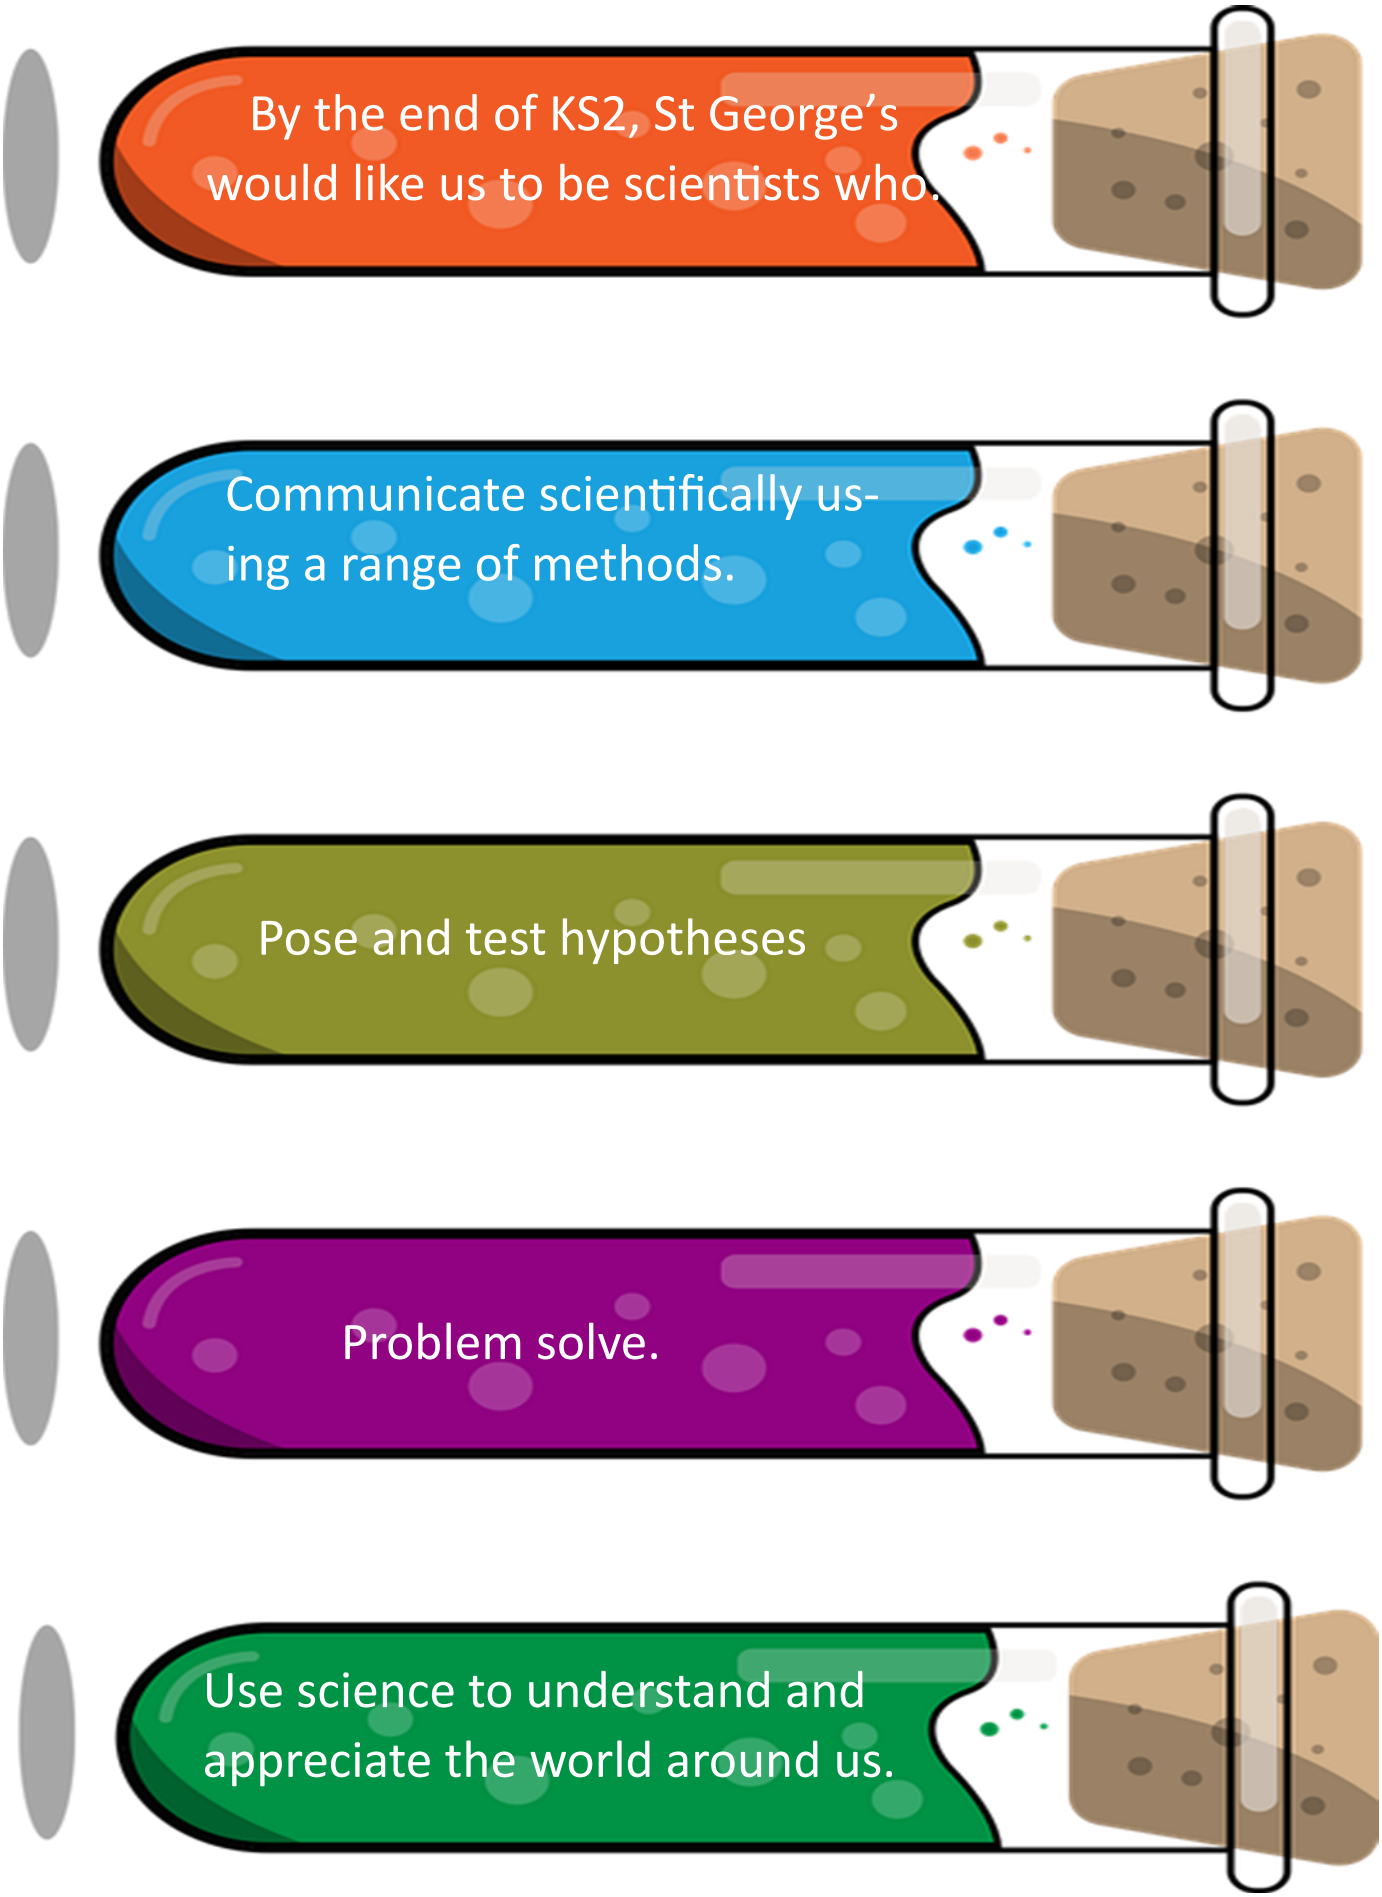

Pupils understand how mathematics relates to and is used across different subjects and in different applications in the wider world.

Pupils have a wide variety of both metal and written strategies that they can apply accurately.

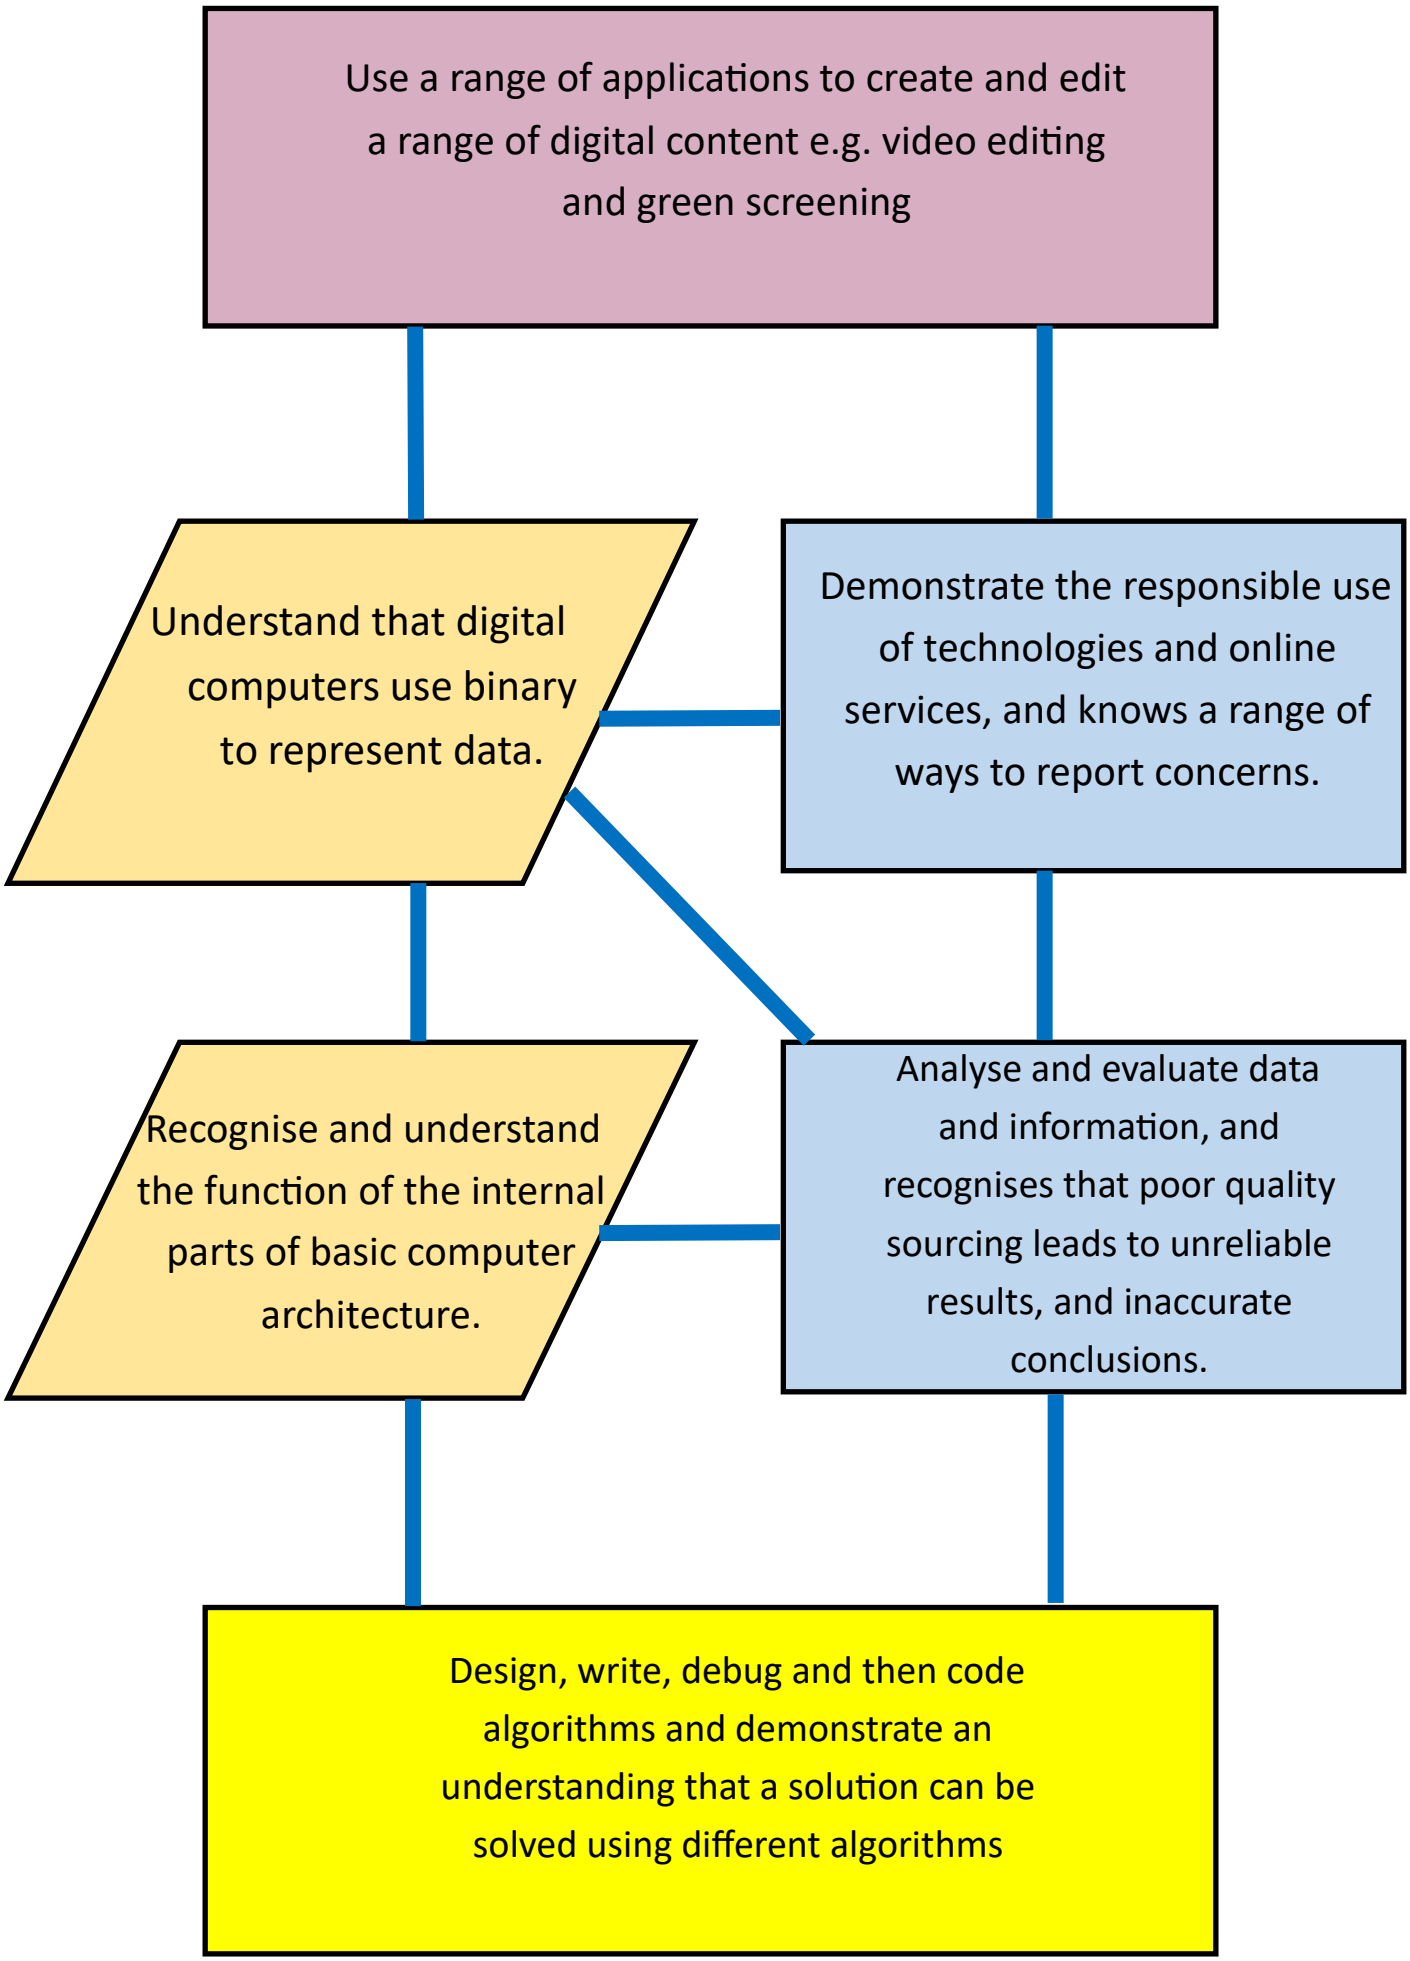

Pupils can reason about their mathematical choices and prove their solutions.

Pupils can use accurate vocabulary across the mathematical curriculum.

Scientists

By the end of KS2, St George's would like us to be scientists who:
Communicate scientifically using a range of methods.
Pose and test hypotheses
Problem solve.
Use science to understand and appreciate the world around us.

Computational Thinkers

Designers and Engineers
