Internet Safety

When is Internet Safety Day?

Internet Safety Day is on:

8th February 2022

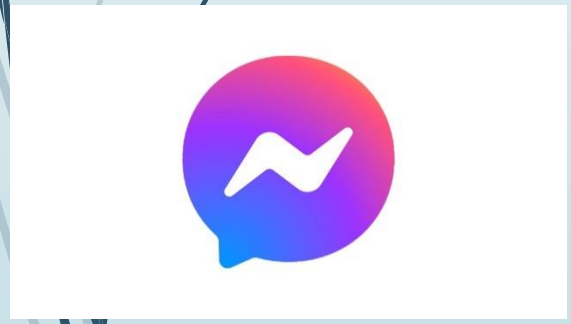

Gaming

- Firstly, ask your parents' permission to play or download a game.
- Make sure your settings are private and your chat is offline.
- Only play with people who you know.
- Play games that are age appropriate
- Remember to be kind and have fun!

Online Chats

- If you get a message from someone you don't know, report them, block them and tell an adult you trust.
- When using online chats, only message people you trust and who you know is definitely them.
- Send kind messages to each other
- Don't talk about other people or say mean things

Streaming and Videos

- Make sure any videos you watch are age appropriate
- Do not share a video without permission
- Make sure you do not share videos that are not your own
- Choose videos that are kind
- If you make videos, make sure they are kind and caring.
- If you see anything that makes you feel uncomfortable, tell an adult you trust.

Keeping Safe

- Never share any personal information like address, name and age.
- Only talk to people who you know and trust
- Be kind
- Don't meet up with strangers

Stay  Safe
