Our Ref: ET/ST

8th December 2025

Dear Parent/Carer,

As part of our learning about Space in Year 5, a specialist will be visiting school on Thursday 5th February 2026 to deliver workshops to all Year 5 pupils.

The sessions will take place inside the school hall in a mobile planetarium which will project a realistic image of the night sky, providing an immersive experience where children will learn about stars, planets and satellites.

This experience will support the children's learning across Science, English and Art for this term by providing a concrete learning experience.

Pupils will come into school in school uniform: there will be no changes to the timing of the usual school day or school dinners.

In order to run this workshop, we need to raise the cost of hire which comes to £6.50 per pupil, and this will be available to be paid on Arbor in the trips section by Friday 23rd January.

If you have any questions, please do not hesitate to contact one of the Year 5 team. We know it will be an enjoyable and valuable experience for all involved.

Yours faithfully,

E. Taylor *L. Mulliner* *J. Hughes* *C. Quigg*
Miss Taylor **Mrs Mulliner** **Mrs Hughes** **Miss Quigg**
