Free 11+ Preparation and KS2 learning support

Dear Parent / Guardian,

Atom Learning provides free KS2 learning and 11+ preparation support to children eligible for pupil premium.

Atom Home normally costs **£575.90 per year**, but eligible children will receive it completely free of charge.

What is Atom Home?

Atom Home is an online learning and exam preparation platform for children aged 7–11. It helps children build confidence, strengthen their skills, and make progress in Key Stage 2 learning. For families considering grammar school entry, it also provides structured 11+ preparation.

Children can access:

- **English, maths and science practice:** Questions designed to build core KS2 skills.
- **Verbal and non-verbal reasoning:** Practice for children preparing for 11+ assessments.
- **Instant feedback and explanations:** Support to help children understand their mistakes and improve.
- **Adaptive learning:** Personalised practice that responds to each child's level.
- **Mock tests and preparation materials:** Resources to help children prepare with confidence.

How to apply for your account

If you, or someone you know, has a child who would benefit from extra Key Stage 2 learning support or is preparing for the 11+, please complete and share this form:

https://atomlearning.com/pupil-premium/primary-schools

Children do not need to attend St George's Junior School to apply.

Once submitted, the child's primary school will be asked to confirm pupil premium eligibility. Once confirmed, their free Atom Home account will be activated.

A 5-day free trial of Atom Home is also available for all other families.

Charlotte Worley

Deputy Headteacher

St Geroge's Junior School
